HEARING SET
FOR R. R. RATES

Hearings before the Nevada public service commission on the railroads' plea for increased passenger and freight rates on intrastate traffic will be started August 16.

The advances asked in Nevada is 20 per cent on passenger traffic and 21 per cent on freight traffic. Passenger rates at present in Nevada are among the highest in the union. The average rate charged by the V. & T. is five cents a mile; by the Southern Pacific, four cents a mile on main lines and five cents on some branch lines; by the Tonopah & Goldfield, six cents a mile, and by the Salt Lake Route, five cents a mile.

Freight rates on zone traffic coming into Nevada from eastern points is to be increased 33.3 per cent and the roads propose to increase all intrastate traffic by 25 per cent. It was said here such increase would mean the closing of a large percentage of the mining in the state.

TAR AND FEATHER
KAISER'S STATUE

(Correspondence of Associated Press) GENEVA, Switzerland, July 17.—Four students, charged with tarring and feathering a statue of the former German emperor, have been sentenced by a Bonn court, according to a Basel dispatch, to terms of two years' imprisonment and ordered to pay the costs of their trials.

CIVIL FLYING
OVER THE SEA

(Correspondence of Associated Press) LONDON, July 20.—Progress in civil flying made by the various countries of the world since the armistice is discussed by a detailed report just made public by Sir Frederick Sykes, controller-general of civil aviation in Great Britain.

Despite the fact that Germany, Austria and Hungary are forbidden, under the terms of peace, to manufacture or import aircraft engines, the report points out that these three countries are in process of organizing departments of government to deal with civil aviation. At the present time, Sir Frederick says, there are 25 air transport companies in Germany and the number is increasing monthly.

Shortage of fuel and the general chaotic economic situation is retarding aviation in Austria, says the report. Belgium has organized an air ministry and has established air attaches in Paris and London. The government, it is said, has appropriated 2,000,000 francs for development of flying in the Belgian Congo.

France has acquired five aerodromes and 24 landing grounds for the use of civilian flying and is also planning to connect all her colonial possessions by air.

Italy has appointed 16 air attaches in as many countries, says the report, and is spending large sums of money in order to keep herself in the front rank of aviation development.

Legal and Judicial Events in
the Career of Peter J. Somers,
Candidate for Justice
of the Peace

Judge Somers was admitted to practice his profession in the Supreme Court of the State of Wisconsin in January, 1884. In 1894 he was admitted to practice in the Supreme Court of the United States.

In 1905 he was admitted to practice in the Supreme Court of the State of Nevada.

In 1908 he was selected Judge of the Seventh Judicial District of the State of Nevada, and presided as such in the Counties of Esmeralda and Mineral until 1915.

During his administration he tried all the jury cases at Goldfield, and all the criminal cases brought before the court.

In Mineral County he likewise presided continuously as District Judge, during the time mentioned.

During his incumbency of the office of District Judge, he also tried many cases in different counties of the state in the various judicial districts, such as Clark, Lincoln, Nye, Washoe and Elko Counties.

In 1914 a series of damage suits were instituted at Goldfield in his court, aggregating over \$200,000. These cases, for the convenience of witnesses and parties, were transferred to Reno for trial, and Judge Somers presided at these trials. Two of the most important were tried and determined, and his decision in these two cases was adopted and used by the attorneys on both sides as the basis of settlement in all the others.

Judge Somers' services were continuous from the time he assumed his duties until 1915, and the Supreme Court of the state was very considerate in passing on the opinions and decisions rendered by Judge Somers.

Judge Somers states that were his experience on the bench and at the bar materially less, he would not offend the good people of Tonopah by obtruding his candidacy for Justice at this time and, under the circumstances, in the coming election.
